- Bible Story: David, Daniel and Jonah

Reminding kids to say "thank you" is almost second nature for many parents, but teaching kids to be thankful takes more than verbal reminders - it's a continuous adventure that needs to start when children are small.

Thanksgiving is the ideal time to begin practicing thankfulness in your home. Helping children learn to appreciate their blessings and to show appreciation to the people who care for them will enrich their lives. Use the upcoming holiday to teach children lifelong values and courtesies.

Happy Thanksgiving

From Ms. Jenn & Ms. Kim
