

March 2023
Monthly memo
From Ms. Jenn and
Ms. Rita

Winkie Bear Classroom Newsletter

All creatures great and
small the Lord God made
them all.

This month we will be learning about insects (specifically ladybugs, bees & butterflies)!

Take time to watch a butterfly, watch ants march to carry food, or watch a bee buzzing from bloom to bloom.

Anytime we enjoy the creatures that God has placed on the earth, we should also remember to appreciate the God who created them.

This month's themes

- Dr. Seuss, Insects, Transportation, Easter
- Life cycle of the butterfly
- Color: Yellow
- Shape: Diamond
- Letters: S,T,U
- Number: 7

Dates to Remember:

**March 16th and 17th-
wear GREEN day!**

Registration

Have you registered your child for the Peter Panda class yet? Classes are quickly filling up. We would love to have you join for next year!
