Winkie Bear Class Newsletter

This month our days will be filled with many new experiences. We will spend the first few days getting the children acquainted with their new environment and routines.

Because children learn best through active exploration and concrete experiences, learning centers make up the biggest portion of our daily schedule. They are planned and organized to give support to themes, skills, and concepts.

This month's themes:

1. School & Routines
2. God created the world
3. Apples
4. I am Special
5. The Color **red**
6. Circles
7. Numbers 1 & 2
8. Letter A,B,C

Snippets from the Director:

This month let's focus on sleep. As we begin the new school year it is important to understand that your child needs 10-13 hours of sleep a night to grow, be healthy, and learn will in school. Begin with a bedtime routine, always remember to read and pray with your child. "Research shows that watching TV or playing video games close to bedtime can get kids wound up and keep them from sleeping." It is recommended that all screen time ends an hour before bedtime.

Bible Verse

"In the beginning, God created the heavens and the earth.: Genesis 1:1

Children need to grow up learning the foundational lessons of the Bible. Even young preschoolers can begin to learn the basics of God's love and care. It is our goal in the Winkie Bear Class to help your child realize that everything and everyone around them is a blessing from God. We will practice thanking God for His creation, food and water, homes, the Bible, family, friends, and His care.

Just a reminder to have your child wear shoes that cover their feet - no flip flops please!
